Full description

ATM is one of the most extraordinary adventure and archaeological experiences in Belize. Officially known as Actun Tunichil Muknal, this world-famous cave offers visitors a rare opportunity to explore a sacred underground world once used by the ancient Maya for ceremonies, offerings, and spiritual rituals.

This ATM Cave adventure tour begins with a scenic 1 hour drive, part on paved highway and part on dirt road leading into Belize's lush rainforest. This is an active, physically engaging experience. Guests spend approximately 3 hours exploring the cave system and about 45 minutes hiking through the jungle, including three river crossings along the trail. A short swim is required to enter the cave, and some areas involve navigating tight spaces before reaching each chamber.
