## Full description

Huayna Potosi (6088m) is northeast of La Paz in the Cordillera Real and is known as one of the easiest 6000m plus mountains to climb in the world. Deservedly one ofBolivia's most popular climbs and after just 4 hours of walking you will be at the high camp. Huayna Potosi can be climbed by complete beginners, and provides amazing views of the Cordillera Real, Lake Titicaca (3810m) and the Altiplano (4000m). If hoping to climb higher mountains in the area,

Huayna Potosi is a good starter!
