Full description

The Sierra Nevada Trail offers the best panoramic views of Conguillío National Park. It's a 12-kilometer hike through forests of coigüe, ñirre, lenga, raulí, and oak, where the giant araucaria appears at every turn.

Along the way, there are three overlooks, each offering a different view of Lake Conguillío and the Llaima volcano, and the landscape changes with the seasons: flowers in spring, vibrant colors in fall, and snow in winter. The tour departs at 8:30 a.m. and returns around 6:00 p.m., accompanied by a local guide who explains the park's flora, fauna, and volcanic history.
